

Shamanic Initiation

9-Month Journey of Self-Discovery & Transformation

What is a Shamanic Initiation?

This program is a powerful fusion of Andean Lineages and Hindu Cosmology designed to help you:

- Deepen your self-awareness and live spiritual wisdom into daily life.
- Apply Ancestral teachings through rituals, breathwork, and NLP practices.
- Experience personal empowerment and energy management techniques for profound and lasting transformation.

What This Journey Is NOT:

- **1. Not Spiritual Bypass:** We will engage in deep shadow work with over 40 rituals that bring awareness to subconscious patterns.
- **2. Not Just Another Spiritual Workshop:** This is an intensive commitment requiring focus and dedication.
- **3. Not a Shortcut to Enlightenment:** Awakening depends on your personal engagement and inner work.

- **4. Not Just Conceptual Learning:** Without practice, knowledge remains abstract. This path requires embodiment.
- **5. Not About Gaining Powers:** While you will develop skills, we do not promise supernatural experiences.

Shamanism course that is also offered through Andres(Pachamama) and it has transformed my life in many different ways. I have experienced different Religions and also Spiritual groups and this path has connected me to the innermost parts of myself that I was seeking. It has offered me the reunification with the subconscious parts of myself so that i can heal on multiple levels. The rituals take things to another level and help me to integrate the teachings. This has been life changing for me and there are no words to express my gratitude for this program. Totally grateful and I will be able to carry the teachings with me throughout my life also to help improve the life of those around me. Aha Aho Aho

Ayni Box - inner economy, ritual
This morning, following Korea, I did my Ayni ritual! Once again, what an absolutely amazing experience it was!
As I was scattering the bills, most of them fell towards the left side of my sacred space, one on the floor of my altar, and about three fell on the floor on the back of my altar.
I gather them all and breathe three breaths of life.

Although I consider myself to be an Expressive person, there are few words that I can find to fully articulate what this Course has done for me this time around. It filled in the missing pieces that I did not learn or did not have access to because of being in "Survival Mode" in this life. I am fully Living and no longer allow myself to be affected by Life but to take the reigns and to be effective in life. I learnt that I matter and I am not a Martyr to life, but I can choose and create boundaries that keep me safe and that this is also "Spiritual". I have transformed in a major way. In short...this Course have offered me the Rituals to Connect to this Life experience and the skill and tools to integrate its Experiences. Eternally grateful.

LIFE CHANGING!!! I strongly recommend the Shamanic Initiation course with Andres & Pachamama Sacred Paths. It has been a life changing process for me. I finally know why I attracted certain events, challenges and a specific type of people into my life and how I can take responsibility and start attracting the right people and events into my life from now on. The Wisdom and rituals shared by The Teachers during this course helped me tear down years of false beliefs and patterns that have been passed down to me for generations. Now, Thanks to this course, I know the right process of how to manifest a prosperous and peaceful life full of happiness.

Andres, When you told us that we would manifest anything in our lives, that we would create magic through these principles, I couldn't even fathom it. Now I see no other way but to manifest everything in my life. The Universe and my Divine has shown me time and time again that the possibilities are endless.. I am truly living my dream and I know, there's so much more yet to come, it's infinite with my inner magic. I have so much yet to learn, grow and integrate, I am so excited! I am forever grateful to the Divine Father Mother Life - You are my life I Am Grateful. I Am Thankful.
I Am Humility.
